Location: North Jeffery

Summary

Dynamic and detail-oriented programmer with a passion for developing robust web applications and e-commerce platforms. With a solid foundation in JavaScript and TypeScript, along with hands-on experience in MongoDB and Jenkins, I thrive in collaborative environments and strive to deliver high-quality software solutions. Equipped with certifications in Microsoft Azure Development and Scrum Master methodologies, I am committed to continuous learning and skill enhancement.

Experience

Software Developer

Tech Innovations Inc. - North Jeffery, IL

May 2021 - Present

- Spearheaded the development of an **E-commerce Platform** that increased the client's sales by **30%** within the first six months post-launch.
- Collaborated with a team of 5 developers using **Jenkins** to automate deployment processes, which reduced deployment time by **40%**.
- Implemented **MongoDB** for the backend database, ensuring efficient data management and retrieval.

Junior Developer

Creative Solutions LLC - North Jeffery, IL

June 2019 - April 2021

- Assisted in building a **Web Application** that streamlined internal processes, resulting in a **25%** reduction in operational costs for the client.
 - Gained experience in **Vue.js** and **JavaScript**, contributing to various front-end features and improving user experience.
 - Participated in Agile ceremonies and adopted Scrum practices, ensuring timely delivery of project milestones.
-

Skills

- **JavaScript**: Intermediate - Developed multiple web features using vanilla JavaScript and libraries.
 - **TypeScript**: Intermediate - Utilized TypeScript for building scalable applications, improving code maintainability.
 - **MongoDB**: Intermediate - Managed database schemas and optimized queries for performance.
 - **Vue.js**: Intermediate - Designed user interfaces and integrated with RESTful APIs.
 - **FastAPI**: Beginner - Currently exploring FastAPI for building efficient web services.
 - **Jenkins**: Advanced - Expert in CI/CD processes, automating builds and deployments for multiple projects.
-

Projects

E-commerce Platform

- Developed a fully functional e-commerce site using **Vue.js** for the front end and **MongoDB** for data storage. - Integrated payment gateways and implemented user authentication, which enhanced security and user trust.

Web Application

- Collaborated on a web application project aimed at improving internal workflow for

companies. - Utilized **JavaScript** and **TypeScript** for application logic and user interface, resulting in a highly responsive application.

Certifications

- **Microsoft Azure Developer**

Credentialed in Azure solutions, demonstrating proficiency in cloud application development and deployment.

- **Scrum Master Certification**

Certified in Scrum methodologies, enabling effective team collaboration and project management.

Education

Bachelor of Science in Computer Science

North Jeffery University - North Jeffery, IL

Graduated: May 2019

- Relevant Coursework: Web Development, Database Management, Software Engineering, Agile Methodologies.
 - Completed a capstone project focused on creating a mobile application for local businesses.
-
