---

## Summary

Passionate and detail-oriented programmer with over 5 years of experience in developing scalable web applications and platforms. Adept at leveraging cutting-edge technologies and frameworks to deliver high-quality solutions. Proven ability to collaborate with cross-functional teams and drive projects from concept to completion. Seeking to apply my expertise in Django and Node.js to create innovative solutions.

---

## Experience

### Senior Software Engineer

**Tech Innovations Inc.** – Lake Abigailstad, WA

**March 2021 – Present**

- Led the development of a **Real-time Chat System** that increased user engagement by 40%, enhancing the overall user experience.
- Collaborated with a team of 5 to build an **E-commerce Platform** that processed over 10,000 transactions per month, utilizing Django and PostgreSQL to handle complex queries efficiently.
- Implemented AWS services to improve application scalability and reduced operational costs by 30% through effective resource management.

### Software Developer

**NextGen Solutions** – Lake Abigailstad, WA

**June 2018 – February 2021**

- Developed a **Web Application** for project management that streamlined workflows for over 200 users, leading to a 25% increase in productivity.
  - Enhanced application performance by integrating Redis for caching, resulting in a 50% reduction in response time.
  - Contributed to the development of a **Mobile App** using Node.js, which achieved a 4.8-star rating on the app store in its first month.
- 

## Skills

- **Django:** Expert
  - **Node.js:** Advanced
  - **PostgreSQL:** Advanced
  - **Redis:** Advanced
  - **AWS:** Intermediate
  - **Rust:** Intermediate
- 

## Projects

### Real-time Chat System

- Developed a full-featured chat application allowing users to communicate seamlessly, incorporating WebSocket for real-time messaging.

### E-commerce Platform

- Designed and implemented an online shopping platform featuring user authentication, payment integration, and order tracking, resulting in significant sales growth.

### Web Application

- Created a project management tool that integrates task tracking, team collaboration, and reporting features, significantly improving team efficiency.

## Mobile App

- Built a cross-platform mobile application that provides users with access to essential services, receiving positive feedback for its user-friendly interface.
- 

## Education

### Bachelor of Science in Computer Science

Lake Abigailstad University – Lake Abigailstad, WA

Graduated: May 2018

---

## Certifications

- AWS Certified Developer – Associate
  - Django for Everybody Specialization
  - Redis Certified Developer
- 

## Additional Information

- Actively contribute to open-source projects and participate in hackathons to continuously improve my coding skills and stay updated with industry trends.
  - Passionate about mentoring junior developers and sharing knowledge through tech meetups and workshops.
-
