Request for Proposal (RFP) Document

Executive Summary

Retail Solutions Ltd is seeking a highly experienced development team to enhance our data analytics platform through advanced API integration. This initiative is critical to improving our security measures and overall system performance. We invite qualified vendors to submit proposals that outline their capability to deliver on the specified project requirements.

Project Overview

Project Title: Security Enhancement Development
Client: Retail Solutions Ltd
Project Type: Data Analytics Platform
Duration: 20 months
Team Size: 9 people
Budget Range: $500K - $1M
Start Date: September 28, 2025
Location: South Patricia
Remote Work: Not allowed

The objective of this project is to develop and implement a robust API integration platform that enhances our data analytics capabilities while ensuring the highest levels of security. The selected team will be responsible for both the development and deployment phases, adhering to industry best practices.
