# Gloria Thomas

**Email:** jessepeterson@example.org
**Location:** Hansenton

## Summary

Results-driven programmer with a strong background in software development and a passion for building scalable applications. Over 5 years of experience in various programming languages and technologies, with proven expertise in cloud computing, data science, and machine learning. Adept at collaborating with cross-functional teams to deliver high-quality software products. Seeking to leverage my skills in a challenging new role.

## Experience

### Senior Software Engineer

**Tech Innovations Inc.** — Hansenton, CA
*June 2021 - Present*

- Led the development of a **Real-time Chat System** that improved user engagement by 30%, utilizing **Kubernetes** for container orchestration and **AWS** for cloud deployment.
- Oversaw the migration of legacy systems to microservices architecture, resulting in a 40% increase in system performance.
- Implemented CI/CD pipelines using **Jenkins**, reducing deployment times by 50%.

### Software Engineer

**Creative Solutions Ltd.** — Hansenton, CA
*January 2019 - May 2021*

- Developed a **Content Management System** that streamlined content workflows for over 200 users, leveraging **MongoDB** for data storage.
- Collaborated on a team to enhance machine learning algorithms, achieving a 15% increase in prediction accuracy.
- Engaged in regular code reviews and mentoring junior developers, fostering a culture of continuous improvement.

### Junior Developer

**StartSmart Technologies** — Hansenton, CA
*July 2017 - December 2018*

- Contributed to the creation of a **Mobile App** for e-commerce, integrating **Vue.js** for front-end development and **MySQL** for backend database management.
- Assisted in developing microservices that enabled the app to scale effectively, managing deployment on **AWS**.

---

## Skills

- **C++**: Advanced
- **AWS**: Advanced
- **MongoDB**: Expert
- **Jenkins**: Expert
- **Kubernetes**: Intermediate
- **Machine Learning**: Intermediate
- **Data Science**: Intermediate
- **Vue.js**: Intermediate
- **Microservices**: Intermediate
- **MySQL**: Beginner

---

# Projects

- **Real-time Chat System**: Developed a scalable chat application using **Kubernetes**, enhancing user experience and engagement.
- **Content Management System**: Designed and implemented a CMS that improved content management for clients, leading to increased operational efficiency.
- **Mobile App**: Built an e-commerce mobile application, focusing on performance and user interface, resulting in a 25% increase in user retention.

---

# Education

**Bachelor of Science in Computer Science**
**Hansenton University** — Hansenton, CA
*Graduated: May 2017*

- Coursework included Data Structures, Algorithms, Database Management Systems, and Machine Learning.
- Completed a capstone project on predictive analytics in e-commerce.

---

# Certifications

- **AWS Certified Solutions Architect** - Associate
- **MongoDB Certified Developer** - Associate
- **Jenkins Certification** - Continuous Integration and Delivery
