Summary

Detail-oriented and passionate programmer with over 5 years of experience in developing scalable web applications. My expertise lies in **Go** and **Angular**, with a strong foundation in cloud technologies like **AWS** and container orchestration with **Kubernetes**. I thrive in collaborative environments and am adept at leveraging my skills to deliver impactful solutions that enhance user experience and drive business growth.

Experience

Software Developer

Tech Innovations Inc. — Tammyland
June 2020 - Present

- Spearheaded the development of an **E-commerce Platform** that increased online sales by 30% within the first year of launch.
- Implemented a microservices architecture using **Go** and **FastAPI**, enhancing system performance and scalability.
- Collaborated with cross-functional teams to integrate **AWS** services, improving system reliability and deployment speed by 40%.
- Developed user-friendly interfaces with **Angular** and **React**, resulting in a significant improvement in user engagement metrics.

Junior Developer

Creative Solutions LLC — Tammyland
January 2018 - May 2020

- Contributed to the creation of a **Data Analytics Dashboard**, enabling clients to visualize data insights that drove strategic decisions.
- Introduced **Redis** for caching solutions, reducing data retrieval times by 50%.
- Assisted in managing database operations using **MongoDB**, optimizing queries that enhanced data processing speeds.

Skills

- **Go:** Expert
- **Angular:** Expert
- **FastAPI:** Advanced
- **Redis:** Advanced
- **MongoDB:** Advanced
- **AWS:** Intermediate
- **React:** Intermediate
- **Kubernetes:** Intermediate
- **Jenkins:** Beginner
- **Vue.js:** Beginner
- **Python:** Intermediate

Projects

Data Analytics Dashboard

- Developed a comprehensive dashboard that aggregates and visualizes client data, leading to a 25% increase in actionable insights.
- Utilized **FastAPI** for backend development and integrated **MongoDB** for data storage.

E-commerce Platform

- Led the front-end development using **Angular**, resulting in a user-friendly interface that improved customer retention rates.
- Implemented cloud solutions using **AWS**, which allowed seamless scaling during high demand periods.

Certifications

- **Scrum Master Certification** – Certified in Agile methodologies to enhance team collaboration and project delivery.
- **Microsoft Azure Developer** – Proficient in building and deploying applications on Microsoft Azure cloud.
- **Certified Kubernetes Administrator** – Expertise in container orchestration and management.

Education

Bachelor of Science in Computer Science
Tech University — Tammyland
Graduated: May 2017
- Relevant Coursework: Data Structures, Web Development, Cloud Computing, Software Engineering.

I am excited to connect with like-minded professionals and explore new opportunities where I can contribute my skills and grow further in the tech landscape.
